Fair use of photos and you!

By Miss Meadows

Neat photo! Where's it from?

- You CAN use a photo if:
 - You took it
 - You know who took it, and they say it's ok
 - You tell people where you got the photo
 - The photo is "public domain," which means anyone can use it without asking
 - You tell people where you got the photo
 - You are using it for school (ask first)
 - You tell people where you got the photo
- (Seeing a pattern?)

You took that?! Really?!

- You CANNOT use a photo if:
 - You plan to tell people it's yours when it's not
 - You want to make money on it
 - You are using more than 5 photos from one person or 15 from one place
 - You didn't pay for it when it's being sold
 - The website or photo says you can't

Still not sure?

- Come ask! We'll look it up together and find out if you can use it.
- If it turns out you can't, we'll look for a photo to use together.
